

12th Altmühltaler Blowgun Open

06. – 08. January 2022

This year we have different circumstances, but we will not let that stop us from holding our Blowgun Open. Since many will be shooting at home, we will adjust the distance to 5m for everyone. Children and seniors can also manage this distance. This way there will be only one distance and one target for all. You can download the template and print it yourself on A4 format (or recycle the one from last year).

60 scoring shots on the Corona target at a distance of 5m.

Everything in the blue counts 6 points, otherwise the rules of the BSSB apply.
